West Virginia Towns Damaged. Beports received from all points on the river in West Virginia show flood damages amounting to nearly \$500,000. At New Cumberland the immense firebrick and pottery works of McMahon, Porter & Co., Smith, Porter & Co., Freeman's and others were drowned out. The entire loss will be about \$50,000. At Wellsburg and New Martinsville it is reported that the water was fifteen feet deep through most of the towns, and dozens of residences were ruined. In St. Mary's, the loss was heaviest. No fewer than sixty oil derricks were washed away and the tools left in the holes. It is impossible to compute the loss, but it will not be less than \$100,-
